

JODI W. FUNK, DDS

## MELANIE

Registered Dental Hygienist

### EDUCATIONAL BACKGROUND:

- Eastern Washington University (Bachelor of Science - Dental Hygiene) 1999
- World Clinical Laser Institute Clinical Certification
- Invisalign Certification I

### Why do you enjoy dentistry and Dr. Jodi Funk's office?

I was given the opportunity to join this team right out of hygiene school. That was 11 years ago now and I still feel so fortunate to have found, in my opinion, the greatest office and dentist in town to work with. Everyone here is so focused on creating the best possible atmosphere for our patients, while providing them with the absolute highest quality dentistry. Our team is amazing!

### What are your special interests?

I enjoy spending my free time with my husband and our 3 children, who seem to keep us pretty busy! I also enjoy time with friends and their families, playing softball, going camping, biking and doing an occasional sprint triathlon for fun!
